Your programme at a glance

Develop your knowledge through Level 5 Diploma in Business Enterprise. Review the programme outline, learning units, entry requirements and progression details in this guide before applying.

Am I eligible for this programme?

Level 3 and/or 4 qualifications, experience and ambition in business development, or a first degree in another discipline may be considered.

Modules and course outline

UNIT	MODULE / SUBJECT
01	Entrepreneurship, Enterprise and Creativity
02	Influences on Organisational Growth and Development
03	Venture Management - Growing a Business
04	Marketing for Growth Organisations
05	Developing and Launching a New Business
06	Social Enterprise and Third Sector Organisations

Assessment and assignments

Assessment follows the current qualification specification and tutor-issued briefs. Confirm the assessment methods, word counts, submission deadlines, marking, feedback, verification and resubmission requirements for your exact programme with admissions.

University top-up and career pathway

Progress to a relevant Level 6 qualification or degree completion route, subject to the receiving institution's admission and credit decisions; or related employment.

Professional registration or employment may require additional qualifications or experience. Completion does not guarantee a job or a university place.

Programme fee and payment plan

The total programme fee is £2,500. Pay 60% (£1,500) upon enrolment. The remaining 40% (£1,000) is payable two months into the programme, measured from the confirmed programme start date.

What is included in the cost?

Review your written offer for learning materials, platform access, tutor support, assessment and feedback, awarding-body registration, certification and any exclusions. Confirm programme-specific charges and services with admissions.

Promotional items, funding, resubmissions and additional support must be confirmed in writing for the exact offer. No automatic monthly-payment arrangement is created by the on-site checkout.

Learning, support and enrolment

Access your studies in LCSM Learn

The administrator or authorised staff member creates your student username and password, approves your access and assigns your enrolled programme. Student accounts cannot activate themselves.

Open Student login on this site, complete the secure account sign-in and enter the username and password assigned by staff. You can access only the learning resources and courses assigned to your account.

If you cannot sign in or have forgotten your assigned details, ask college staff to check your access or reset your credentials. Do not share your password. Payment confirmation is separate from account activation.

Assignments, knowledge checks and certificates

Each available unit knowledge check contains 20 multiple-choice questions based on its lecture notes. Complete the lesson, then answer all 20 questions. The pass mark is 80% (16 correct answers). Feedback is available after submission and another attempt is available after the retry interval.

A passing unit check generates an LCSM unit-completion certificate that the student can open or download as a PDF. This is a supplementary learning record, not a Qualifi qualification, university award or substitute for formal assessment and awarding-body verification.

Use the on-site basket and checkout

Add your exact programme to the basket on this site. Review the full fee, 60% enrolment amount and 40% remaining balance. Continue to the on-site checkout, enter the requested billing and learner details and check the terms and privacy policy.

Online payments are available only when the college has activated its secure payment gateway. PayPal and eligible debit or credit-card options then appear through the payment provider. The basket, billing form and order confirmation remain on this site; the provider handles payment details in its secure payment window.

A payment is confirmed only after the provider confirms the correct amount. Save your order reference and confirmation. If payment is cancelled or not confirmed, your basket remains available; use Check a recent payment in checkout or contact admissions. If the gateway is awaiting activation, contact admissions before attempting payment. No automatic monthly debit

is created by this checkout.

Your next steps

01 Apply

Use the application form on this site and provide the documents requested by admissions.

02 Review your offer

Confirm the exact award, eligibility, study arrangements, fee inclusions and programme start date.

03 Pay 60% on enrolment

Use the on-site basket and checkout when the college activates its secure gateway. Save your order reference.

04 Receive staff-assigned access

The administrator or authorised staff member assigns your student credentials and enrolled programme.

05 Pay the 40% balance

Your remaining balance is due two months into the programme, from the confirmed start date.

Sample certificates

Request an approved sample for your exact qualification from admissions. Samples are illustrative; unit-completion learning records are separate from formal qualification certificates.
